Weekend buses:

To ride the weekend bus, you must obtain a ticket distributed about 10 minutes before departure time. The capacity of the bus is 32 passengers (14 for the van). By law the passenger count cannot exceed that set capacity.

Be sure to return ONLY on the bus indicated on your ticket to help control capacity limitations and bus route timing. If you miss the bus or lose your ticket, you may board the bus ONLY if there is space available (otherwise you need to return on your own expense). You need to explain, in writing on the form provided, your situation, which is reported to the OSS Monday morning. This new process is on a TRIAL basis. If it is abused, the process will be stopped.
