NOT JUST MA AND MBA INITIALS EARNED AT IUJ: MR. & MRS. HONORS

Just for fun, we recently checked the Alumni Database and discovered that 66 of us are married to another alum (or former Exchange student). Check out this chart by class. We know more of you are married than than our database reveals! Update your information at <http://www.iuj.ac.jp/alumni/directory/>

Some marriages are within the same graduating class, some expand 1-4 years of graduation, others are exchange students-alumni marriages. Some of us owe more to IUJ than just a graduate degree! And congratulations to us all!

Number of Alumni Married to Alumni or Exchange Students

This graph includes marriages before the couple became IUJ students.

This fun fact is shared by Gretchen Shinoda (1989) married to Tomohito Shinoda (1986), accounting for two of the above checks . . . but we actually didn't meet at IUJ.

A RECORD DAY IN CAREER SERVICES

4 ALUMNI/CURRENT STUDENTS BRING JOB AND INTERNSHIP CHANCES ON THE SAME MORNING

On April 8, Buddha's birthday, IUJ's Career Counseling and Services experienced something they hope repeats. Three alumni and 1 current student of a Japanese company brought job or internship opening information to the career counselors' desk. Special thanks to **Cenk Gurol** seeking a staff for B2B projects with Aeon - JUSCO, **Bjorn Boulding** who was hoping to find someone to work under him at Barclay's Capital, Singapore, **James Graham**, a headhunter in Tokyo with TMP, and current student sent by Zexel, **Hiroyuki Goto**.

We do enjoy a lot of help from our alumni world-wide, and hope for more in years to come. Thank you! For a full report on this year's Placement and Internship results, see the IUJ Career Homepages in August: <http://www.iuj.ac.jp/career/> It was a tough year, but good things did happen!

JOB HUNTING?

Ask to be put on the Job Hunters e-mailing list to receive information that comes into campus appropriate for IUJ Alumni. alumni@iuj.ac.jp

E-MAIL POLICY FOR ALUMNI

Alumni can continue to use their @iuj.ac.jp email address, if already established. However, because of memory overload issues on the server, IUJ will no longer be able to store messages and attachments in your account. Your user ID will remain registered with campus, and can be used as a sending and receiving email address. However, the messages received will be forwarded to another email account, designated by you, and not stored on the IUJ server.

If you do not designate a forwarding destination, the sender will receive an automatic reply note: "your message was not transferred to the intended recipient because no forwarding order is on file."

To set your forwarding option, please send a note to alumni@iuj.ac.jp, provide an Email to send your messages to (Primary Email) and ask for Forwarding to be turned on. If you are not actively using your @iuj email address, please visit the Online Profile section and update your account.

We are sorry to be forced to limit the email services but happy we can continue to keep your unique IUJ ID and email account active.

CONGRATULATIONS!!!
