

Courses for MBA Specialization
For the 2-year MBA Program & JGDP (Class of 2026)

February 19, 2026

MBA Specialization: There are 5 MBA specialization areas as follows: 1) Finance; 2) Marketing; 3) Management; 4) Digital Technology and Operations, and 5) Sustainability

Requirements:

A student who decides to pursue a specialization must complete twelve (12) credits from the courses designated for that area. The specialization will be specified on the student's transcript upon notification to the OAA. Credits from courses listed in more than one area can be counted towards all designated areas.

Application Procedures: Every student is responsible for checking whether they have obtained the required **12 credits** in the selected area and submitting the application form to the OAA. The application is open at the beginning of the last term. The completed application form must be submitted to the OAA by the end of May in the student's second year. The OAA will then confirm if the student has earned enough credits for the selected area and ensure this information is reflected on their transcript.

Finance

Course ID	Course Title	Credit	Instructor	Term	Note
