# Curriculum Map for MA in International Development

## List of Learning Objectives

| Knowledge | |
|---|---|
| DK1 | Have in-depth knowledge in economics, public management, and international relations |
| DK2 | Be able to identify development challenges at the country and the global levels |
| DK3 | Be able to analyze development problems by applying acquired analytical skills |
| DK4 | Be able to develop feasible solutions and reform options to development problems |
| DK5 | Be able to articulate and communicate messages to policymakers that are major influences on the issues concerned |

| Skills | |
|---|---|
| DS1 | Demonstrate practical leadership in development with an appropriate understanding of diverse values and systems at the regional, country, and global levels |
| DS2 | Demonstrate capacity to dissect major development problems by applying economics, public management, and international relations theories |
| DS3 | Demonstrate capacity to articulate feasible solutions for development problems based on an in-depth analysis |
| DS4 | Demonstrate capacity to communicate main messages on development policies and reforms to all stakeholders, including policy makers, academia, and civil society, in an easy language to facilitate the process of economic reforms |
| DS5 | Demonstrate capacity to work in multidisciplinary teams with due respect to other disciplines to enrich perspective as a development expert |

| Attitudes | |
|---|---|
| DA1 | Enthusiastic and great initiative to think development issues in logical, critical, and creative ways |
| DA2 | Retain strong analytical capacity to development problems |
| DA3 | Contribute to practical policy reforms for development |
| DA4 | Respect diverse perspectives from other disciplines |
| DA5 | Respect diverse values and systems in the field |
