DCC5320	Policy Evaluation	2			
DCC5370	Public Finance and Budgeting	2			
DCC5235	Research Methods	2			
ADC6668	Roles of Government and Entrepreneurs in Development	2			
ADC6526	Time Series Analysis	2			
Select from all the courses offered at IUJ (including language courses) in consultation with faculty. The maximum number of credits for language courses which count towards graduation is 2.					
Required Number of Credits for Graduation : 40 credits					

In addition to the minimum credit requirement for each category mentioned above, students are required to obtain at least 30 credits from the courses which are offered by the school to which they belong.

Note) The 6 courses marked with an asterisk (*) in the Basic Core Required courses must be taken in the first year.

Course Registration Example (1st year IDP)

International Development Program <MA in Economics (Macroeconomic Policy Program for IMF)>

You must take at least 2 credits and no more than 12 credits in each term. The credits obtained from language and seminar courses are included in the maximum number of credits, while they are NOT included in the minimum number of credits. (Advanced Seminar (Thesis/Research Report Supervising) courses will start in the Spring 2026 term, after assigning a supervisor at the end of the Winter 2026 term.)

Term	Fall term		Winter term		Spring term	
Categories	Course	Credits	Course	Credits	Course	Credits
Core Required Courses Note 1)	Macroeconomics I: Income Theory *	2	Econometrics *	2	International Trade (Can also be taken in Spring 2027)	2
	Microeconomics I: Price Theory *	2	Macroeconomics II: Business Cycle and Growth Theory *	2	Macroeconomics and Policy Analysis (Can also be taken in Spring 2027)	2
	Statistical Methods *	2	Microeconomics II: Strategic Behavior and Information Analysis *	2	Advanced Seminar I	2
			Public Finance (Can also be taken in Winter 2027)	2		
	Total (Core Required Courses only)	6	Total (Core Required Courses only)	6	Total (Core Required Courses only)	2
Core Elective / Elective Courses	Mathematics and Computational Methods Note 2)	2	You can take some core elective/ elective courses if you want. Note 3)	0~6	You can take some core elective/ elective courses if you want. Note 3)	2~6
	You can take some core elective/ elective courses if you want. Note 3)	0~4				
Total credits (per term)	Total (Core Required + Others)	6~12	Total (Core Required + Others)	6~12	Total (Core Required + Others)	4~12

Note 1) 7 core required courses which have an asterisk(*) must be taken in the first year. Advanced Seminar I is mandatory to take in Spring 2026 term.

Note 2) IDP core courses in micro/macro economics as well as statistics/econometrics heavily use mathematics as analytical tools. Therefore, it is strongly encouraged to also take "**Mathematics and Computational Methods(course ID: DCC5213)**" as a core elective course in the Fall term for those students who have not studied basic mathematics or those who want to refresh their memory.

Note 3) Elective courses are all the courses offered by the university(including language courses). However, some elective courses are advanced courses, and only who meet the pre-requisite of the course can register.
