Elective Courses 12 credits(EP)/ 10 credits(DP)	GSIM course(s) at least 2 credits	At least 2 credits must be obtained from GSIM courses excluding the JGDP courses listed above.					
	10 credits(EP)/ 8 credits(DP)	Select from all the courses offered at IUJ (including language courses) in consultation with faculty. The maximum number of credits for language courses which count towards graduation is 2. The extra credits students obtained from the courses listed in Core Elective category above can be counted as Elective course credits.					
Required Number of Credits for Graduation: 40 credits (Thesis option) / 44 credits (Research Report option)							

In addition to the minimum credit requirement for each category mentioned above, students are required to obtain at least 30 credits from the courses offered by the school to which they belong.

Note 1) Students in Economic Policy concentration must take all the Basic Core Required courses in the first year, while students in Development Policy concentration must take 6 courses marked with an asterisk (*) in the Basic Core Required courses in the first year.

Note 2) The required number of JGDP course credits differs depending on whether a thesis or research report is to be undertaken. In the thesis option, 8 credits must be obtained from JGDP courses, while 12 credits must be obtained for the research report option.

Course Registration Example for 1st year JGDP (ID)

Japan-Global Development Program (Development Policy Concentration)

<MA in International Development>

You must take at least 2 credits and no more than 12 credits in each term. The credits obtained from language and seminar courses are included in the maximum number of credits, while they are NOT included in the minimum number of credits. (Advanced Seminar (Thesis/Research Report Supervising) courses will start in the Spring 2026 term, after assigning a supervisor at the end of the Winter 2026 term.)

Term	Fall term		Winter term		Spring term	
Categories	Course	Credits	Course	Credits	Course	Credits
Core Required Courses Note 1)	Macroeconomics I: Income Theory *	2	Econometrics *	2	Development Economics (Can also be taken in Spring 2027)	2
	Microeconomics I: Price Theory *	2	Macroeconomics II: Business Cycle and Growth Theory *	2	International Trade (Can also be taken in Spring 2027)	2
	Statistical Methods *	2	Microeconomics II: Strategic Behavior and Information Analysis *	2	Advanced Seminar I	2
	Total (Basic Core Required Courses)	6	Total (Core Required Courses only)	6	Total (Core Required Courses only)	2~6
Core Elective / Elective Courses	Mathematics and Computational Methods Note 2)	2	You can take some core elective/ elective courses if you want. Note 3)	0~6	You can take some core elective/ elective courses if you want. Note 3)	2~6
	You can take some core elective/ elective courses if you want. Note 3)	0~4				
Total credits (per term)	Total (Core Required + Others)	6~12	Total (Core Required + Others)	6~12	Total (Core Required + Others)	4~12

Note 1) The 6 core required courses which have an asterisk(*) must be taken in the first year. Advanced Seminar I is mandatory to take in Spring 2026 term.

Note 2) IDP core courses in micro/macro economics as well as statistics/econometrics heavily use mathematics as analytical tools. Therefore, it is strongly encouraged to also take "**Mathematics and Computational Methods(course ID: DCC5213)**" as a core elective course in the Fall term for those students who have not studied basic mathematics or those who want to refresh their memory.

Note 3) Elective courses are all the courses offered by the university(including language courses). However, some elective courses are advanced courses, and only those students who meet the pre-requisite of the course can register.
