GSIR RUBRICS FOR ASSESSING STUDENT LEARNING OUTCOMES

MA in Political Science

<Knowledge>

LO code	Learning Objectives (LO)
SK1	Learn the methods used in the field of Political Science
SK2	Understand the basics in governance such as public administration, public service, local government, and political institutions and comparison thereof
SK3	Become knowledgeable in the subfields of Political Science (such as comparative politics, foreign policy, international law, international politics, political economy, and political theory)
SK4	Acquire the knowledge about thematic, regional, or focused issues in the field of or relevant to the field of Political Science

LOs / Assessment	Self-evaluation Scale	SK1	SK2	SK3	SK4
Unsatisfactory	1	Demonstrates only basic or no knowledge of the methods used in the field of Political Science	Demonstrates very limited or no knowledge of public administration, public service, local government, and political institutions	Demonstrates minimal or no knowledge of any subfield of Political Science (such as comparative politics, foreign policy, international law, international politics, political economy, and political theory)	Demonstrates limited or no knowledge about thematic, regional, or focused issues
Unsatisfactory	2				
Satisfactory	3	Shows satisfactory knowledge of the methods used in the field of Political Science and is able to appropriately apply them as needed	Understands governance (public administration, public service, local government, and political institutions) to a limited extent	Demonstrates knowledge in at least two subfields of Political Science (comparative politics, foreign policy, international law, international politics, political economy, and political theory)	Demonstrates good understanding of selected topics, has good knowledge in a specific region (or country) and focused issues
Exceeds Expectation	4	Demonstrates knowledge of advanced research methods used in the field of Political Science, is able to choose the most appropriate ones o¥ for analysis and also apply multiple methods	Shows robust understanding of governance (public administration, public service, local government, and political institutions)	Demonstrates knowledge in multiple subfields of Political Science (comparative politics, foreign policy, international law, international politics, political economy, and political theory)	Demonstrates robust understanding of multiple topics and specific region (or countries) and focused issues
Exceeds Expectation	5				

\<Skills\>

LO code	Learning Objectives (LO)
SS1	Demonstrate fundamental knowledge in the field of Political Science
SS2	Demonstrate ability to understand complex issues in political science
SS3	Demonstrate scholarly and critical analysis of political issues
SS4	Demonstrate capability to interact and engage in policy debate on political issues

LOs / Assessment	Self-evaluation Scale	SS1	SS2	SS3	SS4
Unsatisfactory	1	Demonstrates minimal or no knowledge of the functioning of institutions, political processes and political actors	Demonstrates minimal or no understanding of omplex issues in political science	Demonstrates minimal or no skills to scholarly and critically analyse political issues	Demonstrates minimal or no capability to interact and engage in policy debate on political issues
Unsatisfactory	2				
Satisfactory	3	Demonstrates fundamental knowledge of the functioning of institutions, political processes and political actors; is able to apply this knowledge practically	Understands complex issues in political science, is able to apply theoretical knowledge and concepts to empirical cases and explain most of them	Demonstrates satisfactory ability to scholarly and critical analyse selected political issues	Is capable of interacting and engaging in policy debate on major political issues
Exceeds Expectation	4	Demonstrates advanced knowledge of the functioning of institutions, political processes and political actors; is able to apply it to a wide range of cases	Demonstrates advanced understanding of complex issues in political science, is able to apply theoretical knowledge and concepts to empirical cases and analzyse them independenty	Demonstrates ability to scholarly and critical analyse wide number of political issues independently	Is capable of interacting and engaging in policy debate on a wide number of political issues beyond the major ones
Exceeds Expectation	5				

\<Attitudes\>

LO code	Learning Objectives (LO)
SA1	Apply multidisciplinary approach in policy analysis and evaluation
SA2	Contribute to the development of peaceful and stable political institutions
SA3	Develop intellectually stimulating innovative ideas in policy making
SA4	Equip with skills and knowledge necessary for successful careers in government and diplomacy, international businesses, non-governmental organizations, and international organizations

LOs / Assessment	Self-evaluation Scale	SA1	SA2	SA3	SA4
Unsatisfactory	1	Demonstrates minimal or no attempt to apply multidisciplinary approach when conducting policy analysis and evaluation	Demonstrates minimal or no interest in contributing to peaceful and stable institutions	Shows minimal capability to propose intellectually stimulating innovative ideas in policy making	Has limitted skills and knowledge necessary for successful careers in government and diplomacy, international businesses, non-governmental organizations, and international organizations
Unsatisfactory	2				
Satisfactory	3	Attempts to apply multidisciplinary approach when conducting policy analysis and evaluation of selected issues	Demonstrates interest in peaceful and stable institutions and considers means and ways to contribute through their individual work or policy proposals	Is able to develop intellectually stimulating innovative ideas in policy making on selected issues	Possesses skills and knowledge necessary for a successful career in government and diplomacy, international businesses, non-governmental organizations, or international organizations
Exceeds Expectation	4	Is able to apply multidisciplinary approach when conducting policy analysis and evaluation of a wide range of issues	Demonstrates strong interest in peaceful and stable institutions, actively engages in debate on potential ways to contribute	Is able to develop intellectually stimulating innovative ideas in policy making on a wide range of issues	Possesses skills and knowledge that can be utilized for a career in multiple sectors
Exceeds Expectation	5
