IUJ Alumni Association Executive Council
c/o Mr. Mitsuharu Nakano, Chair

Dear AA-EC 2021-2024

On behalf of IUJ, I send our heartfelt thanks to the EC for the generous donation made on behalf of the entire Alumni Association as part of the celebrations for IUJ's 40th Anniversary in 2022. The donation not only helps campus with a funding key need, it is symbolic by having every one of the 5,042 alumni represented through that donation as we close out 4 decades of academic excellence.

IUJ is in need of the contributions, both financial and in-kind, from our alumni like never before. Student recruitment support, greater interaction with our students, more activity among the alumni themselves and improvements to IUJ academic infrastructure are all needed. The financial backing helps build a stronger foundation for that programming to take place on a greater scale.

We thank the Council members for choosing to use the EC budget in this special way for the 40th anniversary. Campus will use the funds strategically to enhance our academic settings through the purchase of key equipment such as spotlights for MLIC hall for better on-line broadcasting and in our newly remodeled classroom that will debut next fall.

Thank you again.

Sincerely

Hiroyuki Itami
President
