

Computer environment at IUJ

IUJ provides the following computer environment on campus for students

1. A hundred computers in two computer classrooms of the Matsushita Library and Information Center (MLIC) and eight computers in two dormitory's computer lounges in total. They are available for 24 hours a day. Besides, there is a computer room specially dedicated for E-Business Management Program. There are 30 client and server computers in total.
2. The high speed of the campus LAN network based on the gigabits backbone of optical fiber cables.
3. Accessible more than 30 online databases.
4. The wired/wireless internet connection in the individual rooms of the dormitories.
5. Off-campus users can also access the network folders and online databases.
6. We provide Free LAN outlets for personal computers in the MLIC library and the computer classrooms, and high-speed wireless LAN access provided in the MLIC building, the study rooms, Dorm Lounges, Gym, and the Snack Lounge.
7. A computer account (email address) and individual network folders to every IUJ student.
8. Windows 10 English version is available on the shared computers in the computer classrooms.
9. It provides Microsoft Office suite and Symantec Antivirus program for free.

IMPORTANT: To make your computer life better at IUJ, we strongly recommend that you bring a notebook computer with the following specifications:
