JSTOR	Arts and Sciences I, II, IV, VII, Business I, II, Statistics	Web	<p>JSTOR is an ARCHIVED online journals database which provides access to scholarly journals as widely as possible.</p> <p>Arts & Sciences I : The Collection includes many of the core research and society published journals in economics, history, political science, and sociology, as well as in other key fields in the humanities and social sciences. This collection also includes a selection of titles in the more science-oriented fields of ecology, mathematics, and statistics.</p> <p>Arts & Sciences II : The Collection adds depth to many disciplines introduced in Arts & Sciences I, such as economics, history, and Asian studies. Arts & Sciences II also offers core journals in several new disciplines, such as archaeology, classics, and African, Latin American, Middle Eastern, and Slavic studies.</p> <p>Arts & Sciences IV : The Arts & Sciences IV Collection contains over one hundred titles. Law, psychology, and public policy and administration are the new areas introduced with this collection. The collection also includes business and education titles.</p> <p>Arts & Sciences VII : The Arts & Sciences VII is intended to offer participants a method to seamlessly add journals related to the core Arts & Sciences I, II, III, and IV Collections. For the Arts & Sciences Complement, journals may be focused in any of the more than thirty arts, humanities, and social sciences disciplines covered by JSTOR. Our aim is to introduce important titles that we were unable to include in earlier collections and to capture journals that cross discipline boundaries.</p> <p>Business : The collection brings core titles in economics and finance, including many publications from the leading scholarly societies, with a range of critical research journals in accounting, labor relations, marketing, management, operations research, and risk assessment.</p> <p>Business II : The Collection is especially the number of core international business titles in this collection. Business II also includes a number of journals that explore the intersections between economics and law, policy, and psychology.</p> <p>Mathematics & Statistics : The Collection unites titles in the mathematical and statistical sciences from existing JSTOR collections.</p>
