IUJ was founded in 1982, with the extensive support of Japan's industry to train professionals who can actively make contributions to international society with a high level of interdisciplinary and specialized knowledge.

The Graduate School of International Management (GSIM) is an AACSB accredited business school founded in 1988. GSIM MBA focuses on "Leveraging Emerging Asia for Global Advantage." It delivers the knowledge, skills and mindset required to gain a competitive advantage in the world's fastest-growing economies.

We welcome your questions about IUJ, our admission & scholarship etc. after the Class Demonstration!
